

Woodlands Whispers

Welcome to our Spring/Summer Newsletter for the patients and Community of Woodlands Park Surgery 2023

OUR DOCTORS

Dr Kim Langer (female) - Monday morning & all day Thursday and Friday

Dr Pierre Mason (male) - Thursday Mornings

Dr Aneliya Ivanova (female) - Wednesdays all day

Dr Gurm Chana (male) - Monday Tuesday & Wednesdays all day

Dr Rajani Iyengar (female) - Friday all day

Please visit our website www.WoodlandsParkSurgery.co.uk for further information about the Surgery (you can also register to receive further Newsletters electronically).

Please note that our routine appointments can be booked up to 3 weeks in advance for the GP of your choice, but emergency appointments may be managed by one of the other GPs in our team.

TRAVEL VACCINES

Don't forget to contact the Surgery in plenty of time (six weeks preferably) if you are planning to travel abroad. We can advise on an immunisation schedule for you, depending on your destination and can also offer you general travel advice such as hygiene and use of sunscreens. You can email us your details and we will respond to your enquiry within 48 hours.

Please note that you no longer need a prescription for malaria medication- all local chemists can now provide this over the counter.

Whether you are staying at home or going abroad please be aware of the damaging effects of the sun. People most at risk are fair skinned, have freckles or ginger hair.

For some people excessive exposure can cause skin cancer.

APPOINTMENTS

As we continue to return to normality, we offer a range of appointments. With the GP, face to face or a telephone appointment. As we work as part of the Primary Care Networks, (PCN) offering additional services, you can also book appointments at St Marks Hospital,

**The reception staff will offer you an appointment at the Surgery if available at the time.
Or an appointment can be booked at St Marks Hospital**

If you attend the Surgery for an appointment:-

- 1 Please attend on time - if you are late, we may have to reschedule your appointment
- 2 We no longer require patients to wear facemasks. However, facemasks are available at the surgery should you wish to wear one, or ask the clinician to wear a mask.

**Currently available at
the surgery or the HUB**

What can be prescribed by your GP is changing

Please do not be offended if your GP can no longer prescribe medicines for minor ailments such as head lice, mild acne, mild cystitis, vitamins and hay fever.

All GPs in England have been asked to stop issuing prescriptions for some conditions that can be treated with medicines that can be purchased at your local pharmacy. Your GP will diagnose your condition and give you advice on what to try or purchase. Alternatively, your local community pharmacist will be able to help you manage the condition. A leaflet is available in the practice which lists which conditions this applies to and answers commonly asked questions.

Stronger, prescription-only medicines are NOT affected by this change.

EPS has been an amazing addition to our Surgery. All you need to do is let us know which Pharmacy you wish to collect your medication from. You can still request your medication in the same way, ECONSULT, email, NHS App or even a request slip in our letter box on the outside wall! Your prescription is then sent directly to the Pharmacy for you to collect.

How does it work?

Text messages

A reminder of recalls and when you need to contact the practice, are mainly through text messages. Please ensure the Practice is made aware of any change of contact numbers or address. You can email the practice on frimleyicb.woodlandspark@nhs.net with any changes. If there is change of name we will need to see evidence of certificate or deed poll.

Woodlands Whispers

Welcome to our Spring/Summer Newsletter for the patients and Community of Woodlands Park Surgery 2023

OUR DOCTORS

Dr Kim Langer (female) - Monday morning & all day Thursday and Friday

Dr Pierre Mason (male) - Thursday Mornings

Dr Aneliya Ivanova (female) - Wednesdays all day

Dr Gurm Chana (male) - Monday Tuesday & Wednesdays all day

Dr Rajani Iyengar (female) - Friday all day

Please visit our website www.WoodlandsParkSurgery.co.uk for further information about the Surgery (you can also register to receive further Newsletters electronically).

Please note that our routine appointments can be booked up to 3 weeks in advance for the GP of your choice, but emergency appointments may be managed by one of the other GPs in our team.

TRAVEL VACCINES

Don't forget to contact the Surgery in plenty of time (six weeks preferably) if you are planning to travel abroad. We can advise on an immunisation schedule for you, depending on your destination and can also offer you general travel advice such as hygiene and use of sunscreens. You can email us your details and we will respond to your enquiry within 48 hours.

Please note that you no longer need a prescription for malaria medication- all local chemists can now provide this over the counter.

Whether you are staying at home or going abroad please be aware of the damaging effects of the sun. People most at risk are fair skinned, have freckles or ginger hair.

For some people excessive exposure can cause skin cancer.

APPOINTMENTS

As we continue to return to normality, we offer a range of appointments. With the GP, face to face or a telephone appointment. As we work as part of the Primary Care Networks, (PCN) offering additional services, you can also book appointments at St Marks Hospital,

**The reception staff will offer you an appointment at the Surgery if available at the time.
Or an appointment can be booked at St Marks Hospital**

If you attend the Surgery for an appointment:-

- 1 Please attend on time - if you are late, we may have to reschedule your appointment
- 2 We no longer require patients to wear facemasks. However, facemasks are available at the surgery should you wish to wear one, or ask the clinician to wear a mask.

end of June 2023**

PNEUMONIA VACCINE FOR OVER 65

**Currently available at
the surgery or the HUB**

What can be prescribed by your GP is changing

Please do not be offended if your GP can no longer prescribe medicines for minor ailments such as head lice, mild acne, mild cystitis, vitamins and hay fever.

All GPs in England have been asked to stop issuing prescriptions for some conditions that can be treated with medicines that can be purchased at your local pharmacy. Your GP will diagnose your condition and give you advice on what to try or purchase. Alternatively, your local community pharmacist will be able to help you manage the condition. A leaflet is available in the practice which lists which conditions this applies to and answers commonly asked questions.

Stronger, prescription-only medicines are NOT affected by this change.

EPS has been an amazing addition to our Surgery. All you need to do is let us know which Pharmacy you wish to collect your medication from. You can still request your medication in the same way, ECONSULT, email, NHS App or even a request slip in our letter box on the outside wall! Your prescription is then sent directly to the Pharmacy for you to collect.

How does it work?

Text messages

A reminder of recalls and when you need to contact the practice, are mainly through text messages. Please ensure the Practice is made aware of any change of contact numbers or address. You can email the practice on frimleyicb.woodlandspark@nhs.net with any changes. If there is change of name we will need to see evidence of certificate or deed poll.

e consult

Want advice from your doctor, self-help information or have an administrative request (such as a sick note or test results)?

eConsult and get a response before the end of the next working day or sooner

GET STARTED

NHS APP

The NHS App that lets you book appointments, order repeat prescriptions and access a range of other healthcare services.
